Diversity,
Equity & Inclusion –
College Edition

Academic
credentials
will qualify your
students for
opportunities...

...but *personal connections*
are a critically
important aspect
of success!

Our online educational program uses the latest research, scenarios, and activities to address a wide range of issues relating to:

- Race
- Ethnicity
- Socio-economic status
- Gender
- Religion
- Sexual orientation

Students will apply a 4-step approach to increase self-awareness and to better understand how their identities may be perceived by others.

BE AWARE

Be aware to who you are, how others might identify, and the situation.

BE CONSIDERATE

Consider all perspectives. Put yourself in someone else's shoes, and view the situation from a different perspective.

TALK ABOUT IT

Ask for permission to talk. Create a supportive space to talk openly to continue cultural growth and social healing.

EXPRESS UNDERSTANDING

Express understanding, concern, and empathy while being open, honest, and aware.
