

4,000+ young adults ages 18-24
die each year due to **alcohol-related tragedies**

Decisions: Alcohol & Other Drugs Awareness™

Promote a healthy and safe campus culture, reduce risk, and meet your requirements for college student education with our award-winning, evidence-based drug and alcohol awareness program.

4 Courses Included!

“““

“With the most up-to-date alcohol & drug education available, Prevent.Zone’s Decisions program challenges students to think and plan when it comes to drinking. It introduces them to the risks of drinking as well as drug use and how to protect themselves and others.”

- Dr. John Clapp, University of Southern California

The program includes four customizable courses, allowing you to tailor the offerings to best meet the needs of your campus, featuring:

- Highly-engaging online modules
- Confidence-building strategies for staying safe and helping others
- Includes facilitator’s guide for group discussions
